

19th Annual Marcellus Spring Fever Softball Clinic!

On **Saturday, March 19th**, the Marcellus high school softball coaches and players will put on a **FREE** clinic for girls in grades K-6. The clinic will focus on the fundamentals of softball including throwing, catching, fielding, hitting, baserunning, and sliding. There will also be instruction on how to properly pitch in fastpitch softball and how to be a catcher.

The clinic will be held at the Senior High school. It will begin at 10:00 am and end at 12 noon. Girls should bring their own glove. (If they have their own helmet & bat, bring those too!)

Walk-in registration for the Marcellus Optimist Softball league will take place during the clinic. Girls in grades K-6 can register to play in coach pitch (K-2), B League (3-4), or A League (5-6).

If your child would like to attend the FREE clinic, please return the permission slip to the KCH by 3/17/22 or contact Lisa MacLachlan at 315-673-3744 or marcellusyouthsoftballbaseball@gmail.com.

My child _____ is planning on attending the Spring Fever Softball clinic on March 19th in the Senior High School.
